

CC87ACF

8" ComboCut™ Flush Cutter with Hard Wire Feature

**All-in-one combination cutter for flush cuts at the front
and hard wire cuts at the throat of the cutting edge**

Features and Benefits

- Flush-cut portion at the front of the jaws provides clean cuts across a range of cable tie sizes while eliminating painful edges on wire bundles and other components
- Grooves on the front of the pliers provide quick location of the flush-cut area when cutting plastics and soft wire
- The throat of the jaws has VectorEdge: tight tolerance and parallel cutting edges engineered to provide repeated cuts of hard wire, soft wire, spring steel and cable ties
- Cold-forged alloy steel ensures strength and durability for years of reliable performance
- Differential heat treatment down the length of the cutting edge provides strength and durability to handle tough cuts
- Cushioned plastisol handles for comfort and leverage to reduce fatigue
