

# AWPBX10

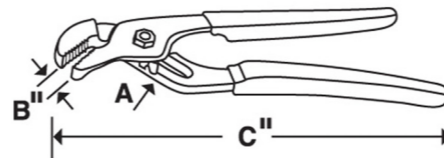

# 10" Adjustable Water Pump Pliers

## Features and Benefits

- Quick-adjust feature gets the pliers on the work piece without having to push a button or lever, meaning easier access in tight access areas and less chance of getting caught on other components
- 35 teeth provide greater refinement and maximum flexibility with up to 25% more adjustment positions than leading competitor
- Jaw is up to 25% wider than leading competitor, meaning greater gripping surface area
- Box-joint design offers greater stability for twisting applications
- Pliers feature Talon Grip™ diamond-serrated jaws to provide a better grip, supplying up to 57% increase in pulling power
- Machined and induction-hardened teeth are sharp and strong like file teeth
- Cushion grip handle for increased comfort, control and leverage

## Specifications

Dimension A, Maximum Jaw Positions	35
Dimension B, Parallel Opening, inches	2-1/8
Dimension C, Overall Length, inches	10
Finish	Industrial
Jaw Width, inches	13/32

CE – Not Applicable
